Ingredients

50ml Mascaro Gin 9
1 pink grapefruit
3 kaffir lime leaves
5 Juniper berries
Schweppes 1783 Crisp Tonic Water

Method

Start by rubbing very quickly the rim of the glass with some grapefruit peel. The oils in the grapefruit zest will flavour the glass.

It's crucial to get your glass as cold as possible by initially stirring a few ice cubes around the glass to chill it. Drain out any excess water.

Fill the glass with plenty of cold ice.

Add the Mascaro Gin 9, then the tonic pouring it very slowly over a bar spoon to avoid losing all the carbonation.

Finally, stir the drink very gently before adding a chunky wedge of pink grapefruit, some kaffir lime leaves freshly ripped and the juniper berries freshly crushed.
